

PUBLIC MEETING NOTICE

February 19, 2010

**Re: West MLK Drive Improvement Project
PID # 87036**

Dear Property Owner/Resident:

The City of Cincinnati Department of Transportation and Engineering is in the process of developing plans for the improvement of West Martin Luther King Jr. Drive (West MLK Drive) from near West McMicken Avenue to Clifton Avenue, including the Dixmyth Avenue and Clifton Avenue intersections. The project involves addressing roadway safety concerns along West MLK Drive by improving roadway deficiencies, enhancing operations, and providing infrastructure to also enhance travel for pedestrians and bicyclists. Project work is expected to extend beyond existing right-of-way limits in several areas.

A Public Information Meeting for the project will be held:

Date & Time: **Thursday, March 4, 2010
4:30 p.m. to 7:30 p.m.**

Location: **Fairview-Clifton German Language School Cafeteria
3689 Clifton Avenue
Cincinnati, OH**

The purpose of this meeting is to afford all interested persons an opportunity to review and comment on the planned project. The meeting will be held in an "open house" format, with Project Team representatives available to take your comments and answer your questions. The open house style format affords you the opportunity to attend the meeting at your convenience between the hours of 4:30 and 7:30 p.m., review the meeting displays illustrating the project, and discuss the project individually with Project Team representatives. There will not be any formal speaker presentation at this meeting. An additional public meeting (or meetings) will be held in the future as the design of the project continues.

Project information and conceptual alternatives presented at the meeting will be available on the City of Cincinnati's project website at: www.cincinnati-oh.gov/noncms/transeng/mlk/

The City of Cincinnati recognizes the importance of public involvement and is committed to working with the public to ensure transportation improvements that meet the needs of the community. As a result, your participation is vital and we encourage you to attend the public meeting and talk with project representatives. It is important that you examine the presented information and provide comments, which will be accepted at the meeting or up to 14 days subsequent to the meeting either via mail or our website.

Should you need additional information regarding the meeting, please contact Andrea Henderson with the Department of Transportation and Engineering at 513-352-6236.
